NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *1, 2, 3, &c.*; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within and forth.

Par. 1200 Regulations, March 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, degeneration of the urinary organs, catarrhs, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company, and one copy will be sent to the surgeon who has examined the soldier, and the other copy will be retained by the company commander, or other officer commanding the company. The company commander, or other officer commanding the company, will be responsible for the correctness of the certificate, and for its being filled up in accordance with the regulations. The company commander, or other officer commanding the company, will also be responsible for the correctness of the certificate, and for its being filled up in accordance with the regulations.

The certificate, after having received the action of the board, is to be sent to the surgeon who has examined the soldier, and the other copy will be retained by the company commander, or other officer commanding the company. The company commander, or other officer commanding the company, will be responsible for the correctness of the certificate, and for its being filled up in accordance with the regulations.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, $\frac{3}{4}$, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge: and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channels, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 4, 5, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Mar. 1860 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, anemia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will sign and seal the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the proper authority, sign the soldier's certificate, and the last paragraph on this paper; see that the soldier is furnished with the proper statements in duplicate, and forward them of these certificates to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Assistant Quartermaster's Office.

Louisville, Ky., Jan'y 27th 1865

Sir:

John Guzman

A member of your Regt Co "F" has ~~this day~~ been arrested as a Deserter, and delivered at Provost Marshal's Office, 5th District of Kentucky, the customary reward of Thirty Dollars has been paid for his apprehension, which amount, Thirty Dollars, is to be stopped against him on the next Pay Roll.

Very Respectfully,

Your Obedient Servant,

A. M. Tucker

Captain and Assistant Quartermaster.

To Commanding Officer

&

3rd Regiment

Ky Volunteer Infantry

34th An. Vol.

Quinnan John

Gen. Sullivan, Ky.

states that he was arrested
on charge of murder,
which shooting he did while
discharging his duties,
ask that his case be dis-
posed of either by the
Military, or civil authorities.

Received

Louisville, Ky. Aug 28th 1850
Serg Genl Boyle

Your petition respectfully requests
your intercession in his behalf. in a case from this
Prison. where he has now been confined for four
months. on a charge for which the Civil Authorities
have never seen fit to have him indicted. The
Prison had the matter investigated. since his Commitment
by the Police Court. where the Bail was given upon
his own recognizance. Enough that the Prosecution did not
consider him guilty. The facts are as follows -
which perhaps you will recall upon reference.

The Petitioner was a private in Company "F" 34th
Regiment was on duty as guard. over Government property
at the Warehouse on main st. above First St. on the
night of the 28th of Sept. 1849. When a man dressed
in Citizens clothes. approached and demanded the
privilege of going in the Building. which was refused.
He angrily persisted in going in. and was informed
that no person was allowed to pass the guard. He
then said he should go in. that if I shot. he would
shoot. I halted him with the Bayonet. called
the Officer of the Guard. who after some Conference
induced the man to leave. The Officer of the Guard
left down in the Building. & remained on duty. since
that time. I have been in the same position.

two paces of me. As I ran up towards the door of the
Building. I had my Gun at half Cock. as I stepped
back into the door. hastily. After Commanding him
to halt several times. when in stepping backwards into the
door of the Warehouse, I struck my Gun. Either Against
the doorway, or against a Box. which was lying
there. and it was discharged. the man then went
up the street. & I reported the fact to the Officer of
the Guard. & when some ten or fifteen minutes after
a person reported that a man was dying on the
opposite side of the street. from the effects of a
wound: it was found to be the same party & the presumption
was that the discharge of my Musket. was the
Cause of his death. I was taken to the Military
Prison that night. & next morning to the Police
Court. where I was examined & held to \$5000
Bail. to answer an indictment, which has never
been found against me. I have now been here
four months. and have never received any pay
since the month previous to my arrest. & my
little Family which had hard work to make both
ends meet in the best of times. are now destitute.
I have resided in this City for the past ten years.
and have always borne a good Character. and
am referred to by all of my Employers. I had been Eight
months in the Army. & have always Endeavored to act
as a Soldier of Honor. & I think my services will
be found to be of great value.

troubled you with this perhaps tedious statement.
had I not despaired of getting civil Justice &
your own well deserved reputation for inquiring into
& giving relief to any of our soldiers who are under
unjust & cruel punishment has induced me to ask
ask you to look on the matter & either procure my
release, or turn me over to Military Authorities
so that I may have a speedy & impartial trial &
be honorably discharged. trusting that I have
given no offence in applying to you. & that your
own kind heart will induce you to comply with
my request I subscribe myself

Very Respectfully Yrs.

Head-Quarters Post Commandant, Louisville.

Louisville, Ky., Sept 16 1863.

Commanding Officer Co. B 3^d Reg't, 1st Div. Vols.

Sir:

Private *Lawrence H. Mundy*
in your Company was this day discharged
from the service of the United States by reason of Surgeon's Certificate
of Disability.

I am, Sir,

Very respectfully,

Your obedient servant.

Official

~~By command of~~ COL. M. MUNDY,

Ad 23d Ky. Infantry Commanding Post.

W. C. Adams

Lieut. and A. A. A. G.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted; stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, $\frac{3}{4}$, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill up the last part of the soldier's certificate, and forward these papers to the regimental, department, or post commander, who will forward them with his action endorsed thereon through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to whom they are required to be sent, will be returned through the same channel to the regimental post, or detachment, commander, who will, if the discharge is authorized by the command of the proper authority, sign the soldier's discharge, and the last certificate on this paper, and that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

These certificates, after having received the action of the highest authority, if they are required to be sent, will be returned to the State Department, to be transmitted to the Government of the country to which they are addressed. If the discharge is issued by the authorities of the United States, the soldier's name, and the fact that the soldier is discharged, will be furnished with the certificate to the State, and forwarded to the authorities of the country to which it is addressed. One:

Information reached me that Hamison in command
of about one hundred Guineas had entered Rose-
ville about eight miles from the place and named
the house of a woman named Howard. There
being no location here I was compelled to resort to the
unpleasant duty of impugning Howard and
in about 2 hours succeeded in raising about
20 which I mounted with infantry and proceeded
thence in command of Fair (Chenoweth) of Rose-
ville's regiment and ordered him to
proceed in the direction of Roseville to ascertain
the particulars. On arriving at Roseville
the fact was informed that the Guineas had
retreated in the direction of McIntosh towards
passing to his arrival. He found they had stolen
all the horses in the neighborhood that were at
to them and that they had through mis-
management the horses of a Rider in command of the
House. I then had a lot of horses at my disposal

And I must be far out of the matter in making the
information. I feel confident that a better long delayed
the matter and this report based on that fact in the
they are in the way to find up. I am a well
known. And the matter is not to be taken any more
I am sure that you will be for the purpose of
conspiring it upon you and the last signature
of a small number of people at this time.

We can if properly managed defend this place against
the lines in the north. I am confident of it. I am sure
of it. But we have little protection to defend citizens in the
vicinity. Reports speak in every of outrages committed
upon the people, citizens that I cannot under the
circumstances with impunity. In consideration of this
fact I would respectfully suggest that Captain Kane
be permitted to resign his position. Hoping General
that these remarks may not be offensive to you I remain
most respectfully

Dear Sir -

Mr Hornback reports to me this morning - I know of no reason why he should not be treated as a deserter. If however you choose to be lenient with him it is all right - I have no use for him here and don't know that he could be of any use at Owensboro without horse horse equipments and arms - I have neither to give him as all were turned in by Capt Bloods Order - This is the second time he has done this way and his conduct has been instrumental in leading others to do the same

REMARKS.

Rudolph Hart
Clerk.

NOTE 1.
The company commander will here add a statement of all facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.
When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.
When a probable case for pension, special care must be taken to state the degree of disability—as *l.*, *r.*, &c., &c., to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."
Par. 1260 Regulations, Edn. 1861.
Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.
This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward those papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.
These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Sir

In accordance with instructions I have the honor to make the following statement in regard to Charles Hawkins Private Co C 34th Ky Vol Inftry. He was mustered into the service by Major J. Engerle S. C. at Louisville Ky. Examined by J. W. Ronald Surgeon 34th Ky Vol. Inftry.

Capt William H. Fagan who enlisted him died on the 25th day of March 1864.

J. W. Ronald (Citizen) resident of Louisville Ky resigned when the Regt was ordered to the field. I have no knowledge of his whereabouts, full name present rank, Regt or A detachment to which the mustering officer belongs.

Many men were recruited in this Regt with the understanding that they would remain in the City Louisville as Guard and never leave the

State when had it been known that the Regt
would be placed in the field at any time
they would not have been necessary being unfit
for field service.

The Provost then proceeded to try Private William Jenkins of Co. "I" 34th Regt Ky. Inf. who was called before the Provost and having heard the order appointing the Provost read was asked if he had any objections to any member named in the order to which he replied in the negative. The Provost was then duly sworn by the adjutant and the recorder was then duly sworn by the Provost.

The accused Private William Jenkins of Co. "I" 34th Regt Ky. Inf. was then arraigned on the following charges & specifications.

Sir

I have ordered William Jenkins

which, although unauthorized, should probably
prevent their being treated as deserters. At least
I refer the question to you. Should not this Capt

clearly an attempt of the Capt to shield de-

My dear Mr. Garrison
I have just received
your letter of the 10th inst.
and am glad to hear
that you are interested
in the cause of the
colored people. I have
been thinking much
of late about the
condition of the
colored people in
this country and
the progress of
the anti-slavery
movement. I hope
that your efforts
will be successful
in bringing about
the abolition of
slavery.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *1, 2, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge: and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the command of the proper authority, sign the soldier's discharge, and the certificate on this paper, see that the soldier is returned with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army at Washington, D. C. they will not be given, and no certificate will be given into the hands of the soldier.

Head Quarters, Co. II "34th Regt. Ky. Vol. Infy.

Morristown, E. Tennessee. Oct. 31st 1863.

Lieut. Col. Lewis Richmond
A. A. Genl.

Sir:

Barnett Hopkins a Private
of my Company "II" 34th Regt. Ky. Vol. Infy. did, while under the
influence of Signor and through the persuasions of designing persons
Desert his Company and Regiment at Louisville Ky. on or about
the 1st day of March 1863. And did remain absent from his Company
and Regiment until on or about the 27th day of August 1863.
at which time he voluntarily returned to his Company & Regiment
at Glasgow Ky.

He states as his reasons for not returning to his Company & Regiment
before August 27th 1863, that persons professing to be his friends told
him that if he returned he would be severely punished; and was
thus induced to remain absent for so long a period.

Said Private, Barnett Hopkins was, previous to his desertion a
good and faithful soldier. And I believe that if he is
restored to duty, he will in future be a faithful and obedient
soldier.

I would therefore respectfully ask that the above named Private be restored
to duty by a Forfeiture of Pay and Allowance during his absence from
said Company & Regiment. Hoping that this my petition may meet
with your approval. I am Sir,

Respectfully,
John M. [Signature]

ADJUTANT

ADJUTANT GENERAL'S OFFICE,
JUN 24 1865
DATE WITH INVENTORY SENT TO AUDITOR

FINAL STATEMENT

OF

Quartermaster's Office
34th Regt. of Ind. Inf.

VOLUNTEERS.

Due May 13. 1865.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and must also present his discharge to the Paymaster to have the pay due him issued on it. The discharge is to be given back to the Soldier by the Paymaster, the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. The statement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the closing account, and any charges against him or in his favor, so as to comprise a complete record of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full substantiation of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that the descriptive list is incomplete. These accounts for back pay, &c., are settled by the 31 Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other accessories, should appear under the heading of "Other Stoppages."

NOTE 5.—Money paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landress must be entered on the master roll in which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

I certify, on honor, that Joseph Hughes a Sergeant of
Captain A. H. Whitmer Company (B) of the 34th Regiment of Kentucky Infantry
